May 8, 2024

The Honorable Tom Cole  
Chairman  
Committee on Appropriations  
House Appropriations Committee  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
House Appropriations Committee  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Pump Station Component D Upgrade Project in fiscal year 2025. The entity to receive funding for this project is the city of San Diego, located at 202 C St. San Diego, CA 92101. The funding would be used for an increase in the community's drainage system's capacity by providing electrical, structural, and mechanical improvements to the pump station capacity and an upgrade to the components to the current standard requirements to handle severe storm events. The project is an appropriate use of taxpayer funds because it is essential to mitigate flood risks, enhance efficiency in operation and maintenance, lower energy costs, and ensure the pump's power reliability.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott Peters".

Member of Congress
