The Honorable Rosa DeLauro Chairman
Ranking Member
Committee on Appropriations
House Appropriations Committee
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Five Points Stormwater and Flood Resilience Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Coronado, located at 1825 Strand Way, Coronado, CA 92118. The funding would be used for design and construction of a flood management system for the Five Points Intersection in the City of Coronado, California. The project would prevent/alleviate flooding at the intersection of 10th Street, Pomona Avenue, and Glorietta Boulevard in Coronado

The project is an appropriate use of taxpayer funds because it will alleviate flooding caused by rain events and high tides, preventing future property damage and ensuring the free flow of military and civilian personnel to and from Naval Amphibious Base Coronado

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C § 1381.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott H. Peters".
