The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
House Appropriations Committee
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the San Diego Unified School District Safety Improvements in Fiscal Year 2027. The entity to receive funding for this project is the San Diego Unified School District, located at 4100 Normal Street, San Diego, CA 92103.

The funding would be used to support exterior lighting and illumination improvements to enhance visibility and safety around school campuses, security fencing and gates to strengthen campus safety, and parking lot and circulation upgrades to improve visibility, manage traffic flow, and prevent unsafe vehicle patterns during student arrival and dismissal. The project is an appropriate use of taxpayer funds because it directly improves student safety, campus security, and daily school operations to support a secure, stable, and well-managed learning environment.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2) and 42 U.S.C. 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the El Camino Affordable Family Housing Infrastructure Improvements for Fiscal Year 2027. The entity to receive funding for this project is the San Diego Housing Commission, located at 1122 Broadway Street, Suite 300, San Diego, CA 92101.

The funding would be used to support infrastructure improvements, including new roofing, HVAC, water systems replacements, accessibility improvements, and fencing repairs across this deed-restricted affordable housing community that serves low-income families. The project is an appropriate use of taxpayer funds because investment in this affordable housing property ensures that families may continue to have a secure, affordable place to call home and remain connected to schools, employment, healthcare, and other community services that support an overall high quality of life.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(4)

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Scott H. Peters

Member of Congress
