The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the San Diego Unified Port District - Harbor Police Department Emergency Notification System Project in fiscal year 2027. The entity to receive funding for this project is the San Diego Unified Port District – Harbor Police, located at 3380 N Harbor Drive, San Diego, CA 92101. The funding would be used to expand the Harbor Police’s Emergency Notification System to fully integrate the general public and quickly communicate to Port staff, tenants, and others at the port facilities. This project is an appropriate use of taxpayer funds because it would fill a vulnerability need that was identified by the US Coast Guard, a partner agency to the Port. In 2023, the US Coast Guard conducted a Port Resilience Security Assessment and determined that the Port needed a better method of contacting visitors to the Port in the event of an emergency.

The project has a federal nexus because the funding provided is for purposes authorized by section 1701(b)(9) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(9)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott H. Peters".
