The Honorable Tom Cole
Chairman
Committee on Appropriations
House Appropriations Committee
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
House Appropriations Committee
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Aircraft Rescue and Fire Fighting (ARFF) Station Modernization Project in fiscal year 2026. The entity to receive funding for this project is the San Diego County Regional Airport Authority, located at 2417 McCain Rd, San Diego, CA 92101. The funding would be used to design a rehabilitated and reconstructed ARFF facility at San Diego International Airport (SAN). The current facility is outdated and no longer meets the operational and safety standards required for a Part 139 certificated airport. This project will therefore address areas that are out of compliance (such as: mechanical, electrical, plumbing, apparatus bay clearances, and space constraints in the dorms, laundry room, training room, captain's office, and chief's room). Additionally, it will design more than 3,000 square feet of additional space required by FAA standards. The project is an appropriate use of taxpayer funds because SAN is included in the National Plan of Integrated Airport System and therefore it must uphold the highest levels of safety preparedness to protect the traveling public. This project is further justified as it addresses essential infrastructure needs in compliance with local building codes and FAA standards (Advisory Circulars 150/5220-10E, 150/5300-13B, and 150/5210-15A).

The project has a Federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott H. Peters".
